Letter to Shareholders

Dear Fellow Shareholders, Fiscal 2025 was another year of steady growth for Cedarbrook Provisions. Total revenue reached \$148.9 million, up 22.7% year-over-year, as we expanded our retail footprint to 136 locations across the Pacific Northwest and Mountain West regions and grew our wholesale grocery partnerships. Our Organic Foods category remains our largest and fastest growing segment, and we continued to invest in our regional supply chain to support future expansion into new states.

We ended the year with a strong balance sheet, no long-term debt, and \$18.6 million in cash and equivalents. On behalf of the team, thank you for your continued support.

Helen R. Marchetti, Chief Executive Officer & Founder

Risk Factors

Investing in our common stock involves risk. The following is a summary of principal risks; a complete discussion is available in our annual filings.

- We face competition from larger national grocery chains and specialty retailers with greater financial resources.
- Our results are sensitive to fluctuations in commodity and agricultural input costs.
- Expansion into new geographic markets may not achieve the store-level economics of our existing footprint.
- Disruptions to our regional supply chain, including weather events affecting regional growers, could adversely affect product availability.
- We rely on maintaining our brand reputation for quality and sustainability; any perceived lapse could harm customer loyalty.

Sustainability & Shareholder Information

Sustainability Highlights

- 94% of packaging across our private-label product lines is now recyclable or compostable, up from 81% in fiscal 2024.
- Sourced 62% of produce from regional growers within 300 miles of a distribution center.
- Diverted 2,840 tons of food waste from landfills through partnerships with local food banks and composting programs.
- Achieved a 12% reduction in per-store energy consumption through LED retrofits and refrigeration upgrades.
